RENTAL PROCEDURES

DELIVERY SERVICE

Delivery and pick-up service is available in the Metropolitan area. For most rentals, we prefer to deliver the first business day prior to the actual use date with pick-up the first business day following the rental. Scheduling of deliveries, however, must remain our prerogative, hence a full day rental charge will apply if delivery is requested for a specific time.

CUSTOMER PICK-UP

Pick-up of equipment can be made after 3PM on the business day prior to the actual use date(s). To avoid an additional days charge, the equipment must be returned by 10AM on the first business day following the rental.

PRICES

All prices listed in this catalog are daily prices. They are based on availability and subject to change without notice. We offer weekly and extended weekly rates as well as daily.

INSURANCE

Insurance for full replacement value is the responsibility of the customer.
